The said replies constitute an integral part of the Call.

Question 1:

We have the two following questions:

1. Do you cover the costs (materials + contract costs) of interconnecting the antennas with the point of concentration
2. If not, can you provide us, until tomorrow morning, with the plans of the existing pipelines within the site and let us know which ones are empty and if we can use them?

Answer 1:

1. We do not cover costs
2. You will find attached the plan for Pier 1 in clarifications uploaded on 5th July 2019. For G1 and G2 there are no plans for fiber optic infrastructure and there are not available pipelines for use.

Please visit regularly PPA SA website, in order to be promptly informed about the above mentioned tender.
