Interested parties are kindly requested to refer to all clarifications published provided by PPA, regarding the questions received until 27th April 2020, in relation to the "Invitation for submitting offers regarding the procurement of PIXEL air quality and noise monitoring sensors".

The said reply constitute an integral part of the Call.

Question 1:

In the Note/Remarks section of the technical description you mention API for the Air Quality station. Can you please advise if this is requested as an option/possibility or do you plan for sure to use API connection to your systems

Answer 1:

The API connection is requested . It is not an alternative.

Question 2:

On point 9) you mention insurance cost. Can you pls clarify if this is for the transport to site or also for the operational period of two years. If it should cover the operational period could you please advise where the instruments will be placed?

Answer 2:

The insurance referenced to the operational period. The site will be in the port area and would be chosen as appropriate for the scope of the project.
