SUBJECT: CLARIFICATIONS (PART 2) REGARDING THE “REPETITIVE TENDER FOR THE LEASING AND FRAMEWORK AGREEMENT OF HIGH-CAPACITY MULTIFUNCTION PRINTERS FOR CENTRALIZED PRINTING”

Interested parties are kindly requested to refer to all additional information and/or clarifications provided by PPA S.A., regarding the questions received so far in relation to the subject tender.

The said replies constitute an integral part of the Invitation.

QUESTION 1:

“... I would like to ask you if an offer for business inkjet technology machines used by Epson would be acceptable to you, for which we can offer you a very competitive and viable proposal.

The benefits of Epson’s innovative technology, compared to the laser printing technology, are multiple, both in terms of the cost of the consumables they use and in terms of energy savings.....”

ANSWER 1:

At this time, we are migrating to a centralized printing model, which involves consolidating print workloads onto fewer, high-capacity devices. In this context, laser printing technology is better aligned with our operational requirements and is therefore the only acceptable technology for this initiative
